

CCBS Greece
Company Profile

"We shall not cease from exploration,
and the end of all our exploring
will be to arrive where we started
and know the place for the first time."

T. S. Eliot

“...customised and personalised service should not be a luxury”

Cretan Conference and Business Services Greece - CCBS Greece - has evolved greatly through the years, to become today the most reliable partner of highly respectable local and international clients.

We started from the Heraklion city of Crete in 1994 as a family business, with a specialisation in custom Travel and Conference Services. After years of tireless work and a branch expansion in Athens, we are very proud to have kept CCBS Greece a family oriented company in the broader sense. Each trusted partner becomes and is treated as a part of our family.

Infused in our work, our Cretan values make all the difference. Moral integrity, professionalism and personal dignity inform our every step when dealing with clients and partners alike. At the same time, we have fostered an inclusive company culture that appreciates resourcefulness and looks for originality. With that in mind, CCBS Greece teams are encouraged to be creative in their work, while they are specifically trained to be consistent in communication and attentive to detail. Our collective investment in a healthy working environment boosts our efficiency and fills us with passion and love for our work.

In CCBS Greece, we believe that customised and personalised service should not be a luxury. Each program we provide can be mended to fit your organisation's specific needs and every itinerary we offer for your trip is created from scratch to satisfy your tastes. We keep our quality services accessible by ensuring that our pricing reflects fair value for money and a significant return for our clients and partners.

From all of us in CCBS Greece, I would like to extend a warm “Thank you” to our clients that have trusted us so far and a warm “Welcome” to our prospective and new customers.
